Journal of Education and Recreation Patterns

The Journal of Education and Recreation Patterns (JERP) is an international scientific, high quality open access, peer viewed scholarly journal provides a comprehensive range of unique online-only journal submission services to academics, researchers, advanced doctoral students and other professionals in their field. This journal publishes original research papers, theory-based empirical papers, review papers, case studies, conference reports, book reviews, essay and relevant reports twice a year (June and December) in online versions.

The journal editorial team are fully qualified and have wide range of knowledge on specific disciplines to offer adequate and lucrative feedbacks to its readers and writers. Researchers are also mentored by our team and have the opportunity to apply theory to practice as they are introduced to the study of recreation, education and interdisciplinary issues with psycho-social contents as well as planning, delivery and evaluation of recreation education services.
